

Priyadarshan Patil, Ph.D.

priyadarshan@utexas.edu ◇ +1 (512) 228 1100 ◇ priyadarshanpatil.github.io

Education

Ph.D. - Operations Research, The University of Texas at Austin	Summer '22
Graduate Certificate - Engineering Education, The University of Texas at Austin	Fall '20
M.S.E. - Civil Engineering (Transportation), The University of Texas at Austin	Fall '16
B.Tech. - Civil Engineering, Indian Institute of Technology Madras	Summer '15

Refereed publications

-
7. Patil P., Walthall R., Boyles S.D., Budget-constrained rail electrification modeling using symmetric traffic assignment - a North American case study. *Journal of Infrastructure Systems*, 28(2), 04022007.
 6. Gokalp C., Patil P., Boyles S.D., Post-disaster recovery sequencing strategy for road networks. *Transportation Research Part B*, 153, 228-245.
 5. Venkatraman R., Boyles S.D., James R., Unnikrishnan A., Patil P., Adaptive routing behavior with real-time information under multiple travel objectives. *Transportation Research Interdisciplinary Perspectives*, 10(100395).
 4. Andrews M.E. & Patil P., A systematic review of argument assessment frameworks in engineering education. *ASEE Annual Conference and Exposition, Conference Proceedings (2021)*.

Technical Report

2. Boyles S., **Patil P.**, Pandey V., and Yahia C., Beyond political boundaries: Constructing network models for megaregion planning. *USDOT Tier 1 Center: Cooperative Mobility for Competitive Megaregions, CM2-11.*
1. Astroza S., **Patil P.**, Smith K., Kumar V, Bhat C., Zhang Z., Texas transportation planning for future renewable energy projects, *Texas Department of Transportation, FHWA/TX-16/0-6850-1*

Awards

8. **Best student paper Award, 2022** - Awarded by Texas chapter of ITE International for best student transportation paper in Texas
7. **Professional Development Award, 2021** - Awarded by the Graduate School at UT Austin for presentations at the 2022 TRB annual meeting
6. **Professional Development Award, 2020** - Awarded by the Graduate School at UT Austin for presentations at the 2020 INFORMS annual meeting and 2021 TRB annual meeting
5. **Winner, fORged by Machines competition, 2019** - Awarded by INFORMS computing society cluster and AWS for the best demand prediction/inventory control model
4. **Professional Development Award, 2019** - Awarded by the Graduate School at UT Austin for presentations at the 2019 INFORMS annual meeting
3. **Scholarship for Graduate Study in ITS, 2018** - Awarded by Intelligent Transportation Society Texas chapter for academic achievements
2. **Professional Development Award, 2018** - Awarded by the Graduate School at UT Austin for presentations at the 2018 INFORMS annual meeting
1. **Ryuichi Kitamura paper award, 2017** - Best Paper award for a professor- student pair awarded by Travel analysis methods section (ADB00) of the Transportation Research Board

Teaching Experience

Graduate Teaching Assistant: Probability and Statistics (Spring 2019, Spring 2020), Civil engineering systems (Fall 2018), Transportation systems (Fall 2016)

- **Probability and Statistics:** Assisted course design, evaluation design, and handled grading, in addition to weekly lab sessions and office hours (Overall Rating: 4.33/5)
- **Civil Engineering Systems:** Created new modules on data analysis and linear regression, in addition to conducting regular lab sessions, office hours, and grading (Overall Rating: 4.46/5)
- **Transportation Systems:** Conducted regular discussion sessions, office hours, and grading

Certification in Engineering Education, The University of Texas at Austin (Completed, Fall 2020)

- Courses completed: Knowing/learning in STEM education, Supervised teaching in engg., Assessment/curriculum design in engg., Teaching practicum, Argumentation in engineering education
- Designed an introductory course on network analysis including design of learning objectives, syllabus, assessment plan, lesson plan, and one weeks worth of learning activities
- Taught an interactive 1.5-hour guest lecture session on probability applications to a class of 60 students
- My research (as a part of the certification) resulted in a peer-reviewed publication (See pub. no. 4)

Mentoring Experience

Graduates Linked with Undergraduates in Engineering (GLUE) mentor (Fall '18 - Spring '19)

- Mentored two undergraduate sophomores (Ms. Katherine Ross, Ms. Bradley Gladdens) on transportation and hurricane evacuation research
- Ms. Ross aided in experimental work on a publication and Ms. Gladdens helped with a literature review used for proposal writing

MiTR mentor, IIT Madras (Fall '14 - Spring '15)

- Mentored 8 freshmen undergraduate students and supported their academic journey on campus.

Relevant Technical Skills

Languages: C, C++, Python, MATLAB, R, AMPL

Tools/Packages: SPSS, Stata, TransCAD, OpenCV, Vissim, ArcGIS

Python libraries: Pandas, Numpy, Scipy, Matplotlib, Seaborn, Sklearn, NLTK, Catboost/XGBoost, Tensorflow

Coursework Highlights

UT Austin (PhD) - Data Science Lab, Public Transportation Engineering, Network Optimization, Linear Programming, Integer Programming, Applied Engg. Data Analysis/Visualization/Optimization, Applied Stochastic Processes, Markov Decision Processes, Queueing Theory, Production/Inventory Control, Decision Analysis

UT Austin (MS) - Transportation Network Analysis, Transportation Systems Management, Logistic Regression/Discrete Choice, Dynamic Traffic Assignment, TransCAD GIS, Logistics Analytics

IIT Madras - Transportation Network Analysis, Computer Applications in Traffic & Highway Engineering, Probability-Statistics and Stochastic Processes, Calculus I & II

Thesis

Doctoral : Traffic assignment models – applicability and efficacy

Advisor: Dr. Stephen D. Boyles, UT Austin

Masters : Simulation Evaluation of Emerging Estimation Techniques for Multinomial Probit Models

Advisor: Dr. Chandra Bhat, UT Austin

Bachelors : Network Algorithms for Sustainability Objective

Advisor: Dr. Karthik K Srinivasan, IIT Madras

Selected Projects

1. Simulation of liver transplant systems for multiple liver quality thresholds
 - Designed and simulated liver transplant systems for heterogeneous patient groups under various liver allocation policies.
2. Intersection redesign study as Consultant for the city of West Lake Hills
 - Conducted a traffic count study and traveler satisfaction survey for multiple traffic control interventions at the intersection under study
 - Presented results of the study to the city council and members of the public; providing recommendations for changing intersection configuration
3. Modeling inequity through dynamic traffic assignment (DTA)
 - Designed a parking search problem with departure time choice to model inequity
 - Derived analytical solutions for the parking search problem with PQ model integration
4. Planning for environmental effect of pollutants by Visualization in TransCAD
 - Performed 4-step planning process, linked trip distribution to emission density and prepared visualizations to pinpoint areas of maximum impact for easy remedial measures

Research Service

- Paper Referee: Transportation Research Part C, Transportation Letters, Transportation Research Record, Transportation Research Interdisciplinary Perspectives, Transportation Research Board annual meeting, American Society for Engineering Education annual conference

Leadership and Misc. Service

- EER Mentored Proposal Reviewer Program fellow, Journal of Engineering Education.
- Tenant advisory board award winner, University Housing and Dining (January 2021 - current)
- Graduate student representative, Shuttle Bus Committee, UT Austin.
- Graduate student representative, East Campus Graduate Housing Project committee, UT Austin.
- Secretary, ITE/ITS student chapter, UT Austin (*Best TX student chapter award, 2019*)
- Secretary, Institute for Operations Research and Management Sciences (INFORMS) student chapter, UT Austin
- ORIE Representative, Women's Transportation Seminar (WTS) student chapter (*Teamwork excellence award, 2019; Support excellence award, 2019*)
- Friend of AEP40 committee, Transportation Research Board
- Member, INFORMS

- Member, Institute of Transportation Engineers and Intelligent Transportation Society of America

Miscellaneous

- National Intercollegiate Racquetball Player, UT Austin.
- 99.99 %ile in CAT 2014 (conducted by IIMs), ranked among top 25 among over 1,70,000 candidates.
- KVPY fellowship granted by the Dept. of Science and Technology, Govt. of India.
